

# Too Many Children Have Died

*Tune: Blowin' in the Wind*

How many drills in your primary school  
Before the kids are secure?  
How many times have they called "Code Red"  
And is that enough to be sure?  
How many weapons of war are for sale,  
And how hard are they to procure?

The answers, my friends, are in your daily news.  
The answers are in that awful news.

How many children have died in their schools,  
While lawmakers fund their next run?  
Why is the freedom to live and grow up  
Worth less than possession of guns?  
How many times can we just turn away  
While parents lose daughters and sons?

The answers, my friends, are in our children's eyes.  
The answers are in their frightened eyes.

How many times must our leaders be told,  
You'll act now, or we'll say good bye?  
How many ears must our leaders have  
Before they can hear babies cry?  
How many deaths will it take till they know  
That too many children have died?

All the answers, my friends, are at the polling place.  
The answer is at the polling place.
